Thessaloniki, 23 February 2018

Dear Colleagues,

As you have already been informed, the Aristotle University of Thessaloniki will host the BSUN 2018 Congress and the 13th Conference of Rectors from the Black Sea Region in Thessaloniki, Greece, on June 18-19, 2018. The main theme of the Congress will be: *"Sustainable Development Goals in the Black Sea Region: From Science to Implementation"*.

As a follow-up activity to the core thematic discussions covered during the Congress sessions, the BSUN 2018 Congress shall have a satellite event dedicated to students at the Halkidiki Summer Camp of Aristotle University of Thessaloniki (<http://camping.auth.gr/en>), from June 20-27, 2018 (details <http://bsun2018.auth.gr/en/congress/satellite-event-summer-school>).

The topic of the Summer School will be **"Innovative Concepts for the Sustainable Development of the Black Sea Region"** and it is addressed to the members of the BSUN in order to bring the students and Professors of member Universities closer.

I believe it will be a unique opportunity – especially for students – to enhance their scientific knowledge and communication skills, while getting to know each other in a pleasant environment, by the beach.

I count on your support to spread the call to your students and faculty, so that we will be able to host an interesting and fruitful Summer School. It is our intent to organize this event every summer and establish it as a joint activity of BSUN.

Kind Regards
