2015 Intensive Japanese Language and Culture Study Program (3-week Winter Program)

Kwansei Gakuin University's Center for Japanese Language Education is pleased to announce the 3-week Intensive Japanese Language and Culture Study Program.

This course is aimed mainly at students with very little Japanese language education background, who will learn the basic skills; reading, writing, listening and speaking over the period of the course.

The program is not limited to classroom learning, and participants will enjoy exchange events with Japanese students, and use their Japanese skills in real life situations such as going shopping on the streets of Japan.

These invaluable experiences to "learn by using" are emphasized in this program.

Furthermore, in order to deepen their understanding of Japan, students will also enjoy classes on Japanese food and traditional culture, as well as a field trip to Kyoto, the ancient capital of Japan.
