International Student Conference (ISC) is an organization established in 1954. During two weeks of summer, students from around the world gather in Tokyo and engage in academic discussions as well as cultural exchanges. At the end of the conference, a Final Forum will be held to present the discussion outcomes to the public.

**What is ISC?**
International Student Conference (ISC) is an organization established in 1954. During two weeks of summer, students from around the world gather in Tokyo and engage in academic discussions as well as cultural exchanges. At the end of the conference, a Final Forum will be held to present the discussion outcomes to the public.

**ELIGIBILITY**
1. To have a foreign nationality, be enrolled in college, university or graduate school in Japan or overseas, and be above 18 years old as of June 1st, 2019.
2. To participate in the whole program with your parents’ approvals to come to Japan at the time of participation.
3. To be dedicated to this conference and to be motivated and responsible during all activities.
4. To have a fluency level of English which is sufficient enough to join discussions in English.

*Application for Japanese participants will be open in March*

Discussion

In ISC, there are 6 tables with their own respective topics, which all reflect a wide-range of heated issues in the present world. Each participant will join one table, and will research, discuss, and ponder upon possible solutions together with approximately 10 other participants from all around the world. The discussions will greatly benefit from the diverse backgrounds of the participating students.

Table 1
The Global Refugee Crisis in the Japanese Context

Table 2
The Feminist Perspectives on Wars and Conflicts

Table 3
Freedom of Speech and Its Restrictions in Today's World

Table 4
Economic Growth and Human Well-being

Table 5
Mental Health Care: Creating a mentally healthy lifestyle for young people

Table 6
Marine Plastic Pollution

Study Tour

Advanced Study Tours will be held in six locations, namely, Nagoya, Kyoto, Osaka, Kobe, Okayama and Kyushu. Participants will be able to learn about Japanese culture and existing social problems to prepare themselves for the main conference. In addition, one day during the conference is devoted to sightseeing in Tokyo, and participants will enjoy visiting famous locations (such as Asakusa, Shibuya, and Odaiba).

Culture Experience

During the conference, participants will take part in Japanese cultural exchanges. In the 64th International Student Conference, participants experienced dancing to Soran-bushi, a traditional Japanese dance as well as learning how to play a Japanese traditional instrument, called Koto.

Final Forum

At the end of the conference, each table strives to voice opinions and insights to the society by presenting discussion outcomes. The Final Forum is opened to the public, and serves as a platform where further discussions on the table topics take place. Keynote speakers and guests who are experts in various global fields are also welcomed.
