Research Grants – Short-Term Grants • DAAD

Overview

Objective
The primary aim of this programme is to promote research projects within the context of doctoral programmes.

Who can apply?
Excellently-qualified doctoral candidates and young academics and scientists who have completed a Master's degree or Diplom, or in exceptional cases a Bachelor's degree at the latest by the time they begin their grant-supported research, or those who have already completed a PhD (postdocs).
Doctoral candidates who are doing their entire doctorate at a German university are not eligible to apply.

What can be funded?
A research project or course of continuing scientific education at a state or state-recognised institution of higher education or a non-university research institute in Germany, which is being carried out in coordination with an academic adviser in Germany.

Duration of the funding
- One month to a maximum of six months; the length of the grant is decided by a selection committee and depends on the project in question and the applicant's work schedule.
- The grant is non-renewable.

Value
- Depending on academic level, monthly payments of euros 861.- for graduates,
euros 1,200.- for doctoral candidates and postdocs
- Payments towards health, accident and personal liability insurance cover
- Travel allowance [https://static.daad.de/media/daad_de/pdfs_nicht_barrierefrei/im-ausland-studieren-forschen-lehren/daad_reisekostenzuschuesse_stipendiaten.pdf]

Selection
An independent selection committee consisting of specialist scientists reviews applications.

Selection criteria:

Academic Qualification (documented by: university degree certificates, references, list of publications)
- Academic achievements and duration of studies
- If applicable, academic achievements after graduation (e.g. publications, lectures, conference contributions)
Quality of the research project (documented by: presentation of research project, time plan, references, proof of contacts, if applicable, language certificates):

- Quality of research project presentation and preliminary work
- Originality, topicality and relevance of project
- Reasons for choosing Germany and host institution
- Feasibility and consistency of work schedule and time plan (analysis and evaluation steps, if applicable, language skills)
- Integration of the project into the overall doctoral project (in terms of content/time), if relevant
- Importance of the research project and stay in Germany for academic and professional plans

Additional criteria (documented by: curriculum vitae, if applicable, certificates):

- Additional knowledge and skills (e.g. through professional or voluntary activities, further training)
- Involvement in academic self-governance, higher education policy issues
- Political, social, cultural, family (parental leave or care periods, etc.), social commitment

Application requirements

What requirements must be met?

- As a rule, applicants should not have graduated any longer than six years before the application deadline. If you already hold a doctoral degree, you should not have completed your doctorate more than four years ago. Doctoral candidates should not have started their doctoral degree any longer than three years previously.
- Applicants who have been resident in Germany for longer than 15 months at the application deadline cannot be considered.

Note:
For applicants from the fields of human medicine, veterinary medicine and dentistry, other regulations are applicable. Please refer to the leaflet "Additional information on DAAD Research Grants for applicants from medical fields" (www.daad.de/extrainfo). Language skills

- The required language level depends on the applicant’s study plans and subject: In the arts, social sciences and in law, at least a good knowledge of German is usually expected. For the natural sciences and engineering, proof of good English language skills may also be accepted if English is spoken at the host institute.

Application Procedure

The application procedure occurs online through the DAAD Portal. You are also required to send 3 copies of the "Application summary" (PDF file), which is generated in the DAAD portal after the online application procedure has been completed, by post to the application address.

Please note that the access to the application portal only appears while the current application period is running. After the application deadline has expired, the portal for this programme is not available until the next application period. The access to the DAAD portal generally opens about 6 weeks before the application deadline at the latest.

To apply, please select the call for applications for this programme in the scholarship database (www.funding-guide.de). From here, you can enter the portal by clicking the tab "Submitting an application".

Application documents

Certificates, proof of credits, certifications and translations may be scanned in non-certified form and uploaded to the DAAD portal.
DAAD reserves the right to request certified copies of the documents.

Documents to be uploaded to the DAAD portal:

- Online application form
- Full curriculum vitae in tabular form (max. 3 pages)
- List of publications (max. 10 pages), if applicable
- A proposal, prepared and formulated by yourself, as well as a description of previous research work (max. 5 pages with max. 3,000 characters without spaces per page plus 2 pages of graphics if necessary). A proposal is an extensive and detailed description of the research project which has been discussed with the academic adviser. Please also read our important information for scholarship applicants / section B, point 2.
- Schedule of planned research work
- Letter confirming supervision by an academic adviser in Germany, which refers to the applicant's proposal and confirms that the host institute will provide a workplace
- University degree certificate indicating final grade(s): the certificate must be subsequently submitted before the grant-supported research begins if it is not available at the time of application.
- Other documents which support your application (example: certificates of employment, proof of practical training/internships, etc.)
- Proof of admission to a doctoral programme at the home university insofar as the applicant intends to take a doctoral degree there
- Language certificate in the language in which the research is carried out (German or English)
- German or English translations of documents submitted in the national language
- All university certificates on all annual examinations with individual grade(s), incl. explanation of grading system.

Current note: If a language certificate is one of the application documents listed here and you are unable to submit a language certificate due to Corona (e.g. due to the closure of universities or language test centers), please upload an appropriate justification with a self-assessment of your current language level according to the CEFR instead of the missing document. If you still acquire a language certificate after the application deadline, please submit it. You can find tips for the self-assessment of your language skills here, see section A point 8.

To be submitted by post:
One recent reference from a university teacher which provides information about your qualifications (hand-signed, no digital or scanned signature). Please regard the instructions given on the tab “Submitting an application”.

Current information on application deadlines until 31.12.2021: Due to the current pandemic situation, applications can be submitted without an application reference.

You are also required to send 3 copies of the “Application summary” (PDF file), which is generated in the DAAD portal after the online application procedure has been completed, by post to the application address.
